## **black orchid**

A black granite table with an inlay of large marble pieces... a blend of traditional Indian craftsmanship and modern Dutch design. Dinner tables, coffee tables and side tables come in 3 sizes. The granite table top and the marble with different shades of grey, black and white, make this table is a subtle decoration to any room, a private home or a fancy club. It is also suitable to place it outside.

Because of his curiosity and drive to explore the boundaries of the (im)possible - Tjeerd Veenhoven is a dutch designer pur sang.
